playmonster.com

Dear Inventor,

Thank you for your interest in submitting a product idea to PlayMonster LLC. Enclosed you'll find our procedures for accepting invention submissions. We encourage you to look at our website, playmonster.com, to understand the types of products we market and sell.

Please pay close attention to our guidelines. Enclosed are two different submission forms. Each form must be completed and emailed to playmonster@playmonster.com.

Here is an outline of what to include:

- **Photographs, Detailed Descriptions or Video**
- The more visual you can be in demonstrating your product, the better. Product video links, photos, product summaries and/or product rules are sufficient. We will only accept prototypes or product samples upon our request.
- **New Product Idea Submission Agreement**
- Complete this form by clearly printing your name, address and email information.
- **New Product Idea Submission Form**
- Complete this form by listing each product you are submitting and the category it fits into (Card Game, Children's Board Game, Activity, etc.).

Things to remember:

- All paperwork must accompany your submission. Our Product Development Department will not take unsolicited phone calls or in-person visits. If there is pertinent information that you need to relay to us, please include it in your submission. If we have further questions or interest, we will contact you directly.
- We will review your product submission within 60 days. If we have any questions or would like to pursue your invention, we will contact you directly. If we are not interested in your product description, you will be notified by email.
- We do not offer consultations or give advice on how to trademark a name, patent a concept or copyright an idea.
- Submissions that do not follow the outlined procedure will be returned unopened.
- Any questions, please email inquiries to playmonster@playmonster.com.

Thank you,
The Product Development Team at PlayMonster LLC
