

# super spinner®

A new **SPIN** on  
swinging—safer, stronger and way more fun!™

## Why choose Super Spinner for your family?

Oh, there are so many reasons!

- It's fun, like a tree swing, only more comfortable and cleaner!
- It's super strong, which makes it safer than traditional swings
- The curved design coaxes little ones to the middle for safety
- It's easy to hang, and can be hung on your swing set or from a tree!
- Adjustable ropes allow you to set the height to the desired position
- Not only does it swing, it SPINS! And the spinning is smooth and fun, unlike traditional swings
- The center hole allows water to drain, so no sitting in puddles!
- Its strong rope and plastic holds up to 200 pounds (Super Spinner) or 650 pounds (Super Duper Spinner), so it can hold multiple riders!
- Kids love this swing...it's like having a park right in their own backyard!
- Encourages healthy outdoor activity!
- Choose your favorite color
